Libraries, Archives & Museums (SLAM) Project

Public Meeting:

The community is invited to meet with members of the ECI/Hyer design team for the new State Libraries, Archives and Museums building project (also called the SLAM project). The Division of Libraries, Archives and Museums is conducting a series of workshops to combine their ideas and we are anxious to learn what Alaskans think about ways to best collect, preserve and share Alaska's historic record. Come share your vision and goals for the integrated project which will protect and connect the State's historic resources of the past and future. We want to hear your ideas.
